

Hello to all the New York State Association of Educational Office Professionals members. It is my honor to be your president for the 2022 – 2023 and 2023-2024 school years. I am very proud of our Association.

I would like to introduce myself for those who have not met me. My name is Lynn Coughlin. I have three children. All three of my children have finished college and are doing well in their careers. Two of them are married. My daughter and her husband have blessed me with three amazing granddaughters, two of which are twins!

I have worked for the Maine-Endwell Central School District for over 24 years. I was at Homer Brink Elementary for 11 years, then I was at the District Office for 11 years, 2 of which I covered the Guidance Office at our Middle School. I have now moved to Maine Memorial Elementary to work with the principal I worked with at Homer Brink. It is a wonderful building to be a part of.

I have also had a lot of leadership positions. I was President of the PTA, a Girl Scout Leader, Religious Education teacher, The Director of the Religious Education Program, a manager in Pampered Chef, the treasurer of Dollars for Scholars, Little League President...the list goes on. As you can tell I like to keep busy and make a difference in the world.

In NYSAEOP, I have been on many committees: Membership, Professional Development, *Empire News*, Public Relations, and the By-Laws/Constitution Committee. I have held the positions of Professional Development Chairperson, Vice President and now the President.

My Goal for the two years as President is to “Reach for the Stars” and help to revitalize our association. We need new ideas from our membership to accomplish this. Please let me know what you would like to see from NYSAEOP. We truly appreciate you becoming a member and want to help you “Reach for the Stars.” What are you looking for from NYSAEOP? What type of Professional Development do you need or want? How can we help you and our membership grow?

Contact information for myself and all Executive Board members are listed on the Executive Board page. My contact information can also be found to the right on this page.
